Meeting together on a Sunday morning

When you arrive, your name will be put on a sheet for Test and Trace purposes only.

Face coverings are now mandatory, unless you are exempt.

There will be seats at the front of the church for those who wish to sit closer to other people.

There will also be some seats nearer the back, set around little tables and placed further apart, for those who prefer not to sit so close together.

Other guidance will continue, including using the hand sanitiser and wiping

surfaces in the toilets after use.

Our services are live in the building from 10:30am each Sunday morning.

If you are unable to attend in person, you can watch the live stream via [our website](#)
