The Leprosy Mission - Message from Wendy

Dear supporting church,

I'm getting in touch as I will soon be celebrating a milestone birthday. On Monday 20th April, I turn the big 5-0 and to celebrate I have decided to fundraise for a special group of elderly people who live at Bankura's Home of Love. These are elderly people who have been rejected by their family because of leprosy-related disabilities.

Back in 2022, when I first started working for the mission, I had the privilege of visiting this care home and I am delighted to be returning in October.

One church I spoke at recently, asked if I could forward details of the [Just Giving page](#) as they were keen to share it with their members. Consequently, I have decided to share it with you as well, in case anyone in your church also wanted to give.

Thank you so much for the incredible love you have shown and continue to show people affected by leprosy. Thank you also for your continued love, kindness and support shown towards me. It is so wonderful to feel part of your church family!

Eco Tips Calendar 2026 - April

[A Rocha UK](#) is a Christian Charity working to protect and restore the natural world and is committed to equipping Christians and churches in the UK to care for the environment.

They have produced an Eco Tips Calendar for 2026, featuring fresh ideas each month and helping foster a lasting commitment to a greener lifestyle. Sustainability isn't a one-time

effort; it's a continuous journey. Small actions can lead to significant impact. Everyone can contribute, regardless of their lifestyle or schedule.

April's Eco Tip

Celebrate new life this Easter and have a go at growing something! April is the perfect time to try to grow something edible or, if you are a seasoned gardener, to encourage someone else to try. Salad leaves or herbs are a great place to start and will reduce your reliance on those oh-so-convenient supermarket salad bags.

For indoor space, try 'micro-greens' (vegetable leaves harvested soon after they open)

For greenhouses, try sowing salad leaf seed mixes.

For outdoors, beetroot, lettuce, onion and pea plants are frost-resistant so can all be planted outside in April.

As you sow, thank God for the opportunity to grow food, and pray for those communities that are facing food shortages and famine.

For more eco-tips, practical ways to enjoy, nurture and defend nature, sign up to [A Rocha UK's Wild Christian email](#).
